

MULTI-USE TRAIL CLOSURE NOTICE

The City's multi use trail will be impacted by the construction of a new parallel sanitary sewer force main. The construction will start on Three Sisters Springs Trail near the Post Office on NE 1st Terrace, and follow the multi-use path to NE 11th Street.

The new force main will be located within or adjacent to the multi-use path. Therefore, portions of the path will be closed during the work day. The path will be temporarily restored and re-opened in the evening and on weekends for walking only. The path will not be suitable for bicycles until it is fully restored. Cyclists are advised to walk their bikes through the work zones when it is re-opened until full restoration is complete.

Construction work is expected to begin on June 13th and continue until January 2017. To learn more about this project, please see 'Current Projects' under the Department of Public Works page on the City website, or contact DPW Director Lou Kneip at 352-795-4216, Extension 305.
