Please note that submittal of the participation package does not guarantee inclusion in the City's grant applications or that your project will receive mitigation assistance funds. The number of properties that may be included in the City's applications is limited and the City's applications will be reviewed competitively against applications from other applicants in Florida and the United States. The review and award of these grant applications requires considerable ongoing coordination between the property owner, the City, and FEMA, and there is no guaranteed timeline for completion of projects included in the applications.
