HUNTER SPRINGS STORMWATER IMPROVEMENTS
ADDENDUM NO. 4

DATE: June 11, 2020 Project Number: 142004015

This addendum forms a part of the Specifications and modifies the original Document as noted. Acknowledge receipt of this Addendum in the appropriate portion of Section 00300 with the submitted bid. Failure to do so may subject the proposer to disqualification.

Answers to all questions and comments from plan holders:

1. Do we need to carry pollution insurance?
   
   Response: Insurance requirements are listed in the general conditions section of the contract documents. Pollution insurance is not required for this project.

2. Can we close a section of the cross-town bike trail or do we have to detour?
   
   Response: The impact to the bike trail should be handled as a typical sidewalk closure.

3. Does the City storm drain system empty into the existing DRA in any way other than the ditch?
   
   Response: Yes, there are additional pipes that outfall into the existing DRA. The pipes size and inverts are called out on sheet 3 (Existing Conditions) of the construction plans. Additionally, we have included a stormwater system map for the City’s stormwater collection system.
