PROJECT MANAGER:	Brian Herrmann, <i>CNU-A, LEED AP</i> Director of Planning and Development Services	

BACKGROUND INFORMATION:

The site is 2.6 acres and fronts directly upon US Highway 19 in Crystal River. The rear of the property abuts SE Buddy Avenue. In addition, a portion of the site that is located along the southern rear of the property abuts SE Mayo Drive.

The site contains an extremely old, weathered, and dilapidated building of (approximately) 9,200 sf. that once served as a restaurant and nightclub. In fact, the pole sign for the long defunct business is still located on US Highway 19. Nearly all of the former site was paved, primarily for vehicular parking. The parking area was large and significant, although it is now partially grown over. Currently, there are no secondary vehicular or pedestrian entrances/exits found on either SE Buddy Avenue or SE Mayo Drive. As a result, the primary entrance / exit is from US Highway 19.

The proposed user wishes to remove the structures from the site and build a new facility that will house a medium sized, high-end car dealership. New buildings will be accompanied by a freshly updated and re-paved parking lot for both display and customer parking.

This particular use requires that the parcel's Future Land Use designation be Highway Commercial (HC) and the Zoning Map be High Intensity Commercial (HC). Currently, the front portion of the parcel meets these requirements, but not the rear. Therefore, the applicant is bringing forth these two requests for amendments on behalf of the proposed user.

ANALYSIS:

Introduction: The City's Comprehensive Plan establishes its Future Land Use designations and map. The Future Land Use (FLU) designation indicates the intended use and development density for a particular area, while Zoning Districts specifically define allowable uses and contain the design and development guidelines for those intended uses. The Future Land Use Element allows for various Zoning Districts within a given Future Land Use designation. The appropriate zoning is determined based on various criteria identified within the Land Development Code.

In this case, both the Future Land Use standards and Zoning standards on the map of the parcel are split. In short, they promote commercial uses towards the front and residential uses towards the back. As a result, the Applicant is requesting that both the Future Land Use Map and Zoning Map for this site be updated to ensure that commercial development (in this case a higher end vehicle sales lot) can occur on the entire site.

If the proposed amendments are approved, the entire parcel will have a maximum development density / Floor Area Ratio (FAR) of 0.7. All structures or buildings may occupy a maximum of 70% of the lot. If the structure is two stories, then it may occupy 35% of the lot. As a new structure, existing standards regarding development, landscaping, parking, etc. will all be upheld.

Comprehensive Plan – Future Land Use Map Amendment: If one moves from the front property line (parallel to US Highway 19) back towards the rear of the property, the first 323 feet of the parcel have a Future Land Use designation of Highway Commercial (HC). However, as you continue towards the rear of the property, the Future Land Use designation changes. The back 120 feet of the parcel (abutting SE Buddy Avenue) is split in half, with the northern portion designated as High Density Residential (HDR) and the southern portion designated as Medium Density Residential (MDR).

As noted previously, Highway Commercial (HC) is one of the highest intensity commercial FLU categories currently permitted in the City. The maximum development density / Floor Area Ratio

(FAR) in this area is 0.7. However, the back portion of the lot is currently confined to residential activity only, with 12 units per acre allowed for High Density Residential (HDR) and 8 units per acre permitted for Medium Density Residential (MDR).

The applicant is requesting that the front portion of the parcel stay as designated. They are asking that the back portion of the parcel, or 120 feet that abuts SE Buddy Avenue with a Future Land Use designation of both High Density Residential (HDR) and Medium Density Residential (MDR) be changed so that the entire parcel will have a Future Land Use designation of Highway Commercial (HC). This will allow his proposed vehicle sales operation to occupy and operate on the entire site once constructed, as opposed to being limited to just the front portion of the property.

Zoning Map Amendment: The front 323 ft. of the parcel that abuts US Highway 19 is zoned High Intensity Commercial (CH), while the back 120 feet of the parcel, abutting SE Buddy Avenue, is zoned Planned Unit Development (PUD). The Planned Unit Development (PUD) Zoning District at this location was established nearly 40 years ago as part of the Crystal River Village development (a PUD development). As a result, the Zoning Map shows a large rectangular area under PUD zoning. However, the actual Crystal River Village PUD development stops about one half of a block to the north of the PUD Zoning District. The City lacks is unable to document whether all these parcels were intended to be rezoned to PUD or not. Given that PUD zoning is so unique, and the fact that this creates a split zoned parcel, it is possible that this may have been done in error. However, because a full year has passed since the original rezoning (actually, several decades have passed), the City must treat the current zoning as if it were intended. That said, the City feels strongly that the applicant's rezoning request is appropriate and will greatly help the proposed user.

STAFF CONSIDERATIONS:

Florida State law requires zoning to comply with the standards found in the Comprehensive Plan. These two changes to the Future Land Use Map and Zoning Map will ensure that this is the case.

In addition, as previously conveyed, the site is fronted by State Route 19 and backed by SE Buddy Avenue. The site is ideal for a commercial use, in this case the potential user's high end car dealership.

To ensure proper screening, the applicant has agreed to apply a "level D" vegetated buffer to the 20 feet at the rear of the site that abuts both SE Buddy Avenue and SE Mayo Drive. A "level D" vegetated buffer includes a minimum of four canopy trees and four understory trees per 100 linear feet of property line. In addition, the same area must have a continuous hedge or solid masonry wall of at least four feet in height with a minimum of 25 shrubs planted on the outside of the wall. The hedge shall be planted in a double staggered row.

With one exception, all vehicles on the proposed user's property would be located a minimum of 170 feet from the closest residential property. That said, there is one sixty-foot-wide multi-family building that is located behind the parcel to the south. This was the primary reason why the City requested a level D buffer to the rear. When the 20-foot-wide buffer area is factored in, along with the 40-foot-wide street ROW (located to the rear) the nearest vehicle on the new car lot would be located no closer than 80 feet from the building. In addition, the level D buffer (described above) would be located between the car lot and the residence.

Staff feels as though this is more than appropriate and sufficient for this use.

FINDINGS:

As conveyed in Subsection (A.) of 8.02.03. (Roles and responsibilities), “the Planning Commission shall serve as the local planning agency (LPA)” and shall “make recommendations to the City Council regarding amendment of its adopted comprehensive plan.”

As conveyed in Subsection (B.) of 8.02.03. (Roles and responsibilities), “the Planning Commission shall hear, consider, and make recommendations to the City Council regarding applications to amend the zoning map.”

STAFF RECOMMENDATION:

Staff believes that this is an appropriate change to both the Future Land Use map and the Zoning map, as it will allow for commercial uses to occupy the parcel which fronts US Highway 19. As part of the amendment, the applicant / proposed user has agreed to establish and maintain a level D buffer comprised of significant vegetation at the rear of the property. In addition, there is approximately 80 to 170 feet between the usable area on the applicant’s parcel and the nearest residential properties on the other side of SE Buddy Avenue and SE Mayo Drive.

Therefore, Staff recommends to the Planning Commission that the proposed amendment to the Future Land Use Map and the Zoning Map of the LDC be made as described herein. In addition, Staff recommends that the Planning Commission require that a condition of approval shall be that the applicant / proposed user establish a level D buffer along any property boundary that abuts SE Buddy Avenue or SE Mayo Drive.

Please see Staff’s PowerPoint presentation.

PLANNING COMMISSION ACTION:

As conveyed in Subsection (C.) (#4) of 10.03.04. (Procedures for action by the Planning Commission), the Planning Commission shall recommend to the City Council that the application be approved, approved with conditions (changes), or denied. The recommendation shall be in writing and shall include findings to support the recommendation.

ORDINANCE NO. 21-O-02

AN ORDINANCE OF THE CITY OF CRYSTAL RIVER, FLORIDA, AMENDING THE OFFICIAL ZONING MAP OF THE CITY OF CRYSTAL RIVER, FLORIDA REZONING 2.06 ACRES (MOL) OF PROPERTY OWNED BY NATURE COAST PROPERTY ACQUISITION, LLC ALSO IDENTIFIED AS PARCEL ID 17E18S27 32440 0020 IN THE OFFICIAL RECORDS OF THE CITRUS COUNTY PROPERTY APPRAISER FROM (SPLIT ZONING) HIGH INTENSITY COMMERCIAL (CH) AND PLANNED UNIT DEVELOPMENT (PUD) TO HIGH INTENSITY COMMERCIAL (CH) ZONING AS DESCRIBED IN SECTION 3; PROVIDING FOR REPEAL OF CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the proposed rezoning was advertised as required by the Florida Statutes, and the City of Crystal River Land Development Code; and

WHEREAS, the City of Crystal River Planning Commission held a public hearing on April 1, 2021 to consider a request that the zoning classification be changed on a parcel of land identified as Parcel ID 17E18S27 32440 0020 in the Official Records of the Citrus County Property Appraiser, Crystal River, Florida, as described in Section 3; and

WHEREAS, the City of Crystal River Planning Commission voted _____ to recommend to the City Council that the request to amend the official zoning map be approved; and

WHEREAS, the City Council of the City of Crystal River, Florida, after publication of a notice of its consideration of this ordinance, held two readings of this ordinance and public hearings as required by law; and

WHEREAS, the City Council of the City of Crystal River, Florida, has determined that the requested change of zoning is consistent with the City of Crystal River Comprehensive Plan and Future Land Use Map, and

WHEREAS, the City Council of the City of Crystal River, Florida has further determined that approval of the requested zoning change is in the best interests of the health, safety, and welfare of the citizens of Crystal River, Florida.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CRYSTAL RIVER, FLORIDA, AS FOLLOWS:

SECTION 1. PURPOSE.

The purpose of this Ordinance is to amend the official zoning map of the City of Crystal River, Florida, for the parcel of land identified as Parcel ID 17E18S27 32440 0020 in the Official Records of the Citrus County Property Appraiser from (split zoning) High Intensity Commercial (CH) and Planned Unit

Development (PUD) to High Intensity Commercial (CH) zoning for the reasons set forth in the above “WHEREAS” clauses, which are incorporated herein, in haec verba.

SECTION 2. AUTHORITY

The City of Crystal River City Council is authorized to amend the Crystal River Code of Ordinances pursuant to Article III of the City Charter of the City of Crystal River and Part II, Code of Ordinances, Chapter 1, General Provisions of the Code of Ordinances of the City of Crystal River, and as otherwise authorized by applicable Florida Statutes.

SECTION 3. ZONING MAP AMENDMENT

The official zoning map of the City of Crystal River is hereby amended to change the zoning designation on the following described properties (split zoning) High Intensity Commercial (CH) and Planned Unit Development (PUD) to High Intensity Commercial (CH) Zoning.
